

Post Results Services 2026

Post results services are available to students from results day in August until the end of September, depending on the service required. It is very important that you read all the information below and familiarise yourself with the process. Please check the deadlines carefully as some of these are very short, they differ for CIE and JCQ, and exam boards will not accept requests after deadlines.

If your University place is not at stake.

If you do not have a University place at stake but are unhappy with an exam result, you can request a marked copy of your exam script by completing the [Copies of scripts request form](#). Your script will be returned to you by email.

If your mark is sufficiently close to the grade boundary, your Head of Department can review your script and advise whether a remark is appropriate. If it is, then you should apply for a Review of Marking by completing the [Remark request form](#). You will need to pay a fee, shown separately, which must be paid before the remark can be requested. Be aware that **grade protection does not apply** to reviews of marking – this means that **your marks and subject grades may be lowered, confirmed or raised as a result**.

If your University place is at stake

If your university place is at stake, you should consider a Priority Review of Marking and must see your **Head of Department by Friday 14th August** for guidance. You will need to discuss whether to request a marked copy of your exam script first, bearing in mind the Priority Review of Marking deadlines and how long it may take to get the marked copy of your script.

If it is agreed that you should apply, you will need to complete the [Copies of scripts request form](#) or the [Remark request form](#). You will need to pay a fee, shown separately, which must be paid before the remark can be requested. Be aware that **grade protection does not apply** to reviews of marking – this means that your marks and **subject grades may be lowered, confirmed or raised as a result**.

You should inform your University choices that a review of results has been requested, as they may be able to keep your place open until the review has been completed.

If your exam is with **CIE**, please speak to Sarah Hayward regarding restrictions on requests and your Head of Department for guidance on which papers to select.

Outcomes

Marked scripts will be returned to you by email and remark outcomes will be notified by email as soon as we have the details. Please bear in mind the dates shown separately – we cannot do it any quicker! If you disagree with the outcome of a review of marking, see Sarah Hayward in the Exams Office regarding the appeals procedure.
